

Essence Pinelodges

Designed specifically for the holiday letting market, our Essence Pinelodge collection draws on over 30 years' experience of building high quality timber buildings and over 20 years as a holiday park operator.

The carefully thought through layouts make maximum use of the space to provide guest accommodation with high appeal.

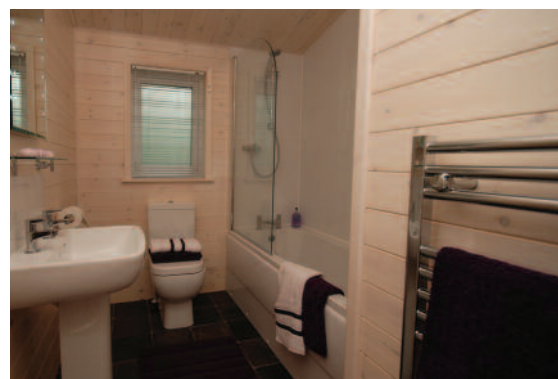

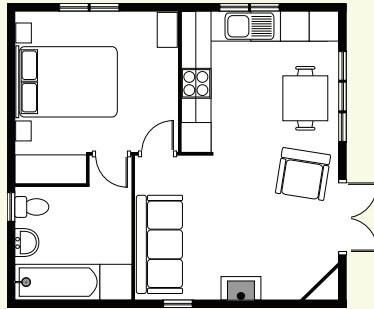

Perfect for the holiday letting market – and just as desirable as a second home 'getaway' – this stylish and comfortable lodge cannot fail to please.

A fully fitted kitchen complete with integrated appliances, makes self-catering a pleasure. Well designed bathrooms and en-suites provide a haven for relaxation and open-plan living makes the most of precious family moments.

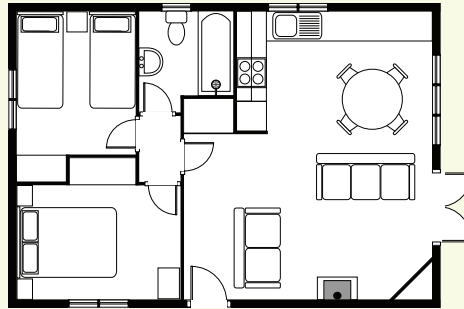

Warm and cosy, exceptionally robust and hard wearing, Pinelodges have an unrivalled reputation for quality, with a building standard well in excess of the requirements of BS 3632.

The Essence range embodies all the build quality Pinelodge is known for but at an entry level price. Superb insulation translates into low running costs and, pressure treated timbers with uPVC windows and doors mean low maintenance and peace of mind.

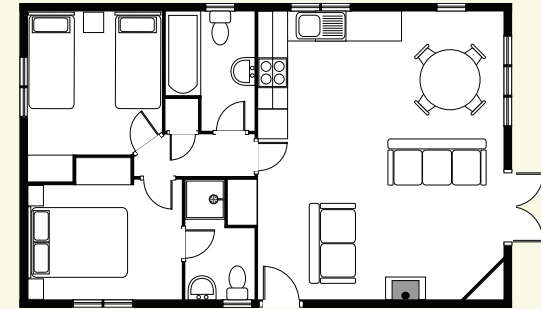

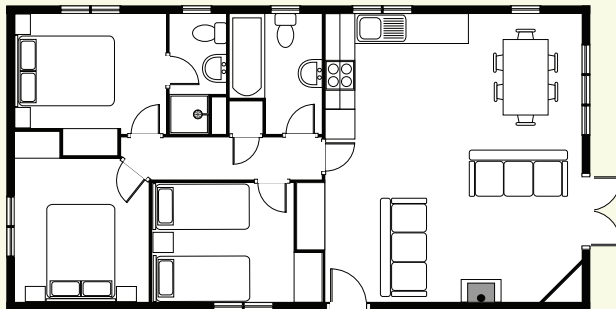

1 bedroom, 1 bathroom
22 x 20 ft (6.8 x 6.2 m)

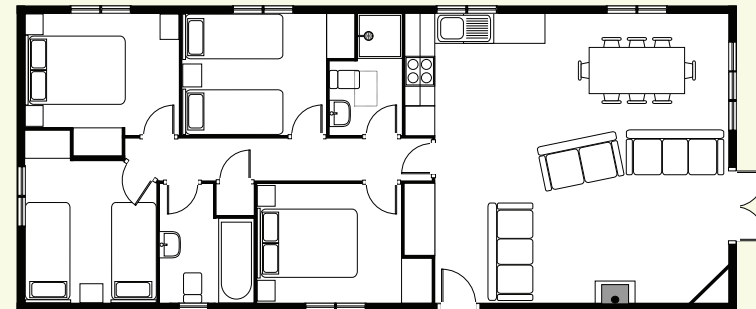

2 bedroom, 1 bathroom
28 x 20 ft (8.7 x 6.2 m)
